

The Acoustic Mayhem started with the idea of breaking some really cool tunes down to the bare bones.

Which means Cheree's awesome voice and Reg's solid acoustic strumming. The Acoustic Mayhem is the perfect act for venue's, functions, and audiences that want another option besides a typical band or sequenced duo. The Acoustic Mayhem is a self contained package that will supply P.A, lights, break music, M.C, and even learn that special song for you if needed.

A great thing about The Acoustic Mayhem is that the songs are taken from a broad range of styles and eras, and adapted to suit the guitar and vocal format. Everything sounds uniquely Acoustic Mayhem, while being respectful to the original artist.

The acoustic Mayhem does not use backing tracks, samples, enhancers, tricks, gizmos, or gadgets. Just two voices, six strings, percussion, and some fantastic music. The Acoustic Mayhem is Cheree Bradshaw and Chris Regan, and they look forward to entertaining you soon..
